MIDDLE COURSE IS ONE TAKEN

Premier's Committee Spoken of As Meeting Demands Both of Imperial Unity and Dominion Autonomy

LOCARNO DECISION IS TO LEAVE ACTION FREE

Any Individual Dominion Is Left to Assume the Treaty if It Wishes—Australia Does Not Press Point

LONDON, Nov. 18.—(Cable from George Hamilton, Staff Correspondent of the Canadian Press).—The report of the Imperial Conference of the Imperial Conference on the Locarno treaties will commend the work of Sir Austen Chamberlain in their negotiations, and recognize the part the treaties played in creating a new attitude in Europe, but will not express any opinion one way or the other on the acceptance of the treaties by the Dominions. The treaties again were before the Premier's Committee today, and they will be considered further before a final resolution is adopted, but the foregoing is now regarded as the most probable outcome. Under it the Dominions as a whole neither accept nor reject the treaties. It is left to any individual Dominion to assume the treaties if it wishes.

On the acceptance of the treaties the Dominions, according to an unofficial report, divided. New Zealand and New Zealand in favor of acceptance, and Canada, South Africa and the Irish Free State against. Australia, apparently, favored acceptance, but did not wish to press the point.

This discussion has continued at intervals for several weeks. There were various resolutions proposed, one favoring, it is stated, the joint acceptance of the treaties by the Dominions. In view of the divided opinion, however, this was dropped, both sides eventually agreeing on the middle course indicated, in the submission of which it is stated the Canadian delegation played a prominent part.

In its constitutional deliberations generally, in fact, the Premier's Committee is following a middle course. It is one close to the committee the result of its work is described tonight as meeting the demands both of Imperial unity and Dominion autonomy. "The man who wants to stay in the Empire, yet who wishes to have some voice in the government, need have no fear of the outcome," it was stated. "The committee adopted no extreme view of either side, but gave satisfaction to both."

Prohibition Agents Arrest Former Mayor

HEATHLEY, Nov. 18.—Mr. T. F. Heathley, public safety commissioner and former Mayor of Everett, thirty-five miles north of here, was arrested tonight by Federal agents and remained here in custody on charges of conspiring to violate the National Prohibition law. He was released on \$5,000 bonds posted by Mrs. Elsie Heathley, Seattle, his sister.

Harry Hinkman, police officer, and Ben Mathers, transfer man, both of Everett, were arrested on September 30 by government agents for violation of the liquor law. Mathers later helped the prohibition office in an alleged bribe case, resulting in the arrest of George Beuner, former city agent.

Heathley is serving his second term as a Public Safety Commissioner. He was county auditor for Snohomish County for four years.

Customs Commission Will Sit in Victoria

OTTAWA, Nov. 18.—The Customs Commission decided this morning to hold its first meeting in Victoria, B.C. The date will be announced later. The chief reason assigned is that it is the seat of the Provincial Liquor Control Board.

THE WEATHER

Victoria and Vicinity—Fresh to strong northerly winds, fair and cold for several days.
Sun Rises: 7:28 o'clock.
Sun Sets: 4:30 o'clock.
High Tide: 1:24 p.m., 9.5 feet.
Low Tide: 9:12 p.m., 1.4 feet.

Sport

Hockey scores: Ottawa 2, Canadiens 1. Montreal Maroons 2, New York 0. Boston 2, Detroit 0.

The News

Oak Bay Conservatives renew support of former delegates to Kamloops convention, after close contest.

More support for Art Gallery urged by president of Arts and Crafts Society.

Domestic, Imperial and Foreign.—Canadian in great Welsh coal company merger.

Imperial Conference follows traditional middle course. Steamer on fire in St. Lawrence River.

Customs inquiry at Ottawa. British coal miners vote against settlement but return to work. League of Nations committee proposes world economic conference.

Memory of Past to Be Honored Today

TODAY, November 19, received the endorsement of the Legislature at the session last year to be marked by public observance as the birthday of the Province of British Columbia. All stores and banks are being supplied with sprigs of Douglas fir, which everyone will wear in commemoration of the proclamation of the colony of B.C. by its first Governor, Sir James Douglas. The ball at the Empress Hotel this evening will specially mark the day.

Canadian Ministers Sail on December 1

PARIS, Nov. 18.—The Canadian ministers attending the Imperial Conference in London have definitely made arrangements to sail for home on December 1. Premier King will arrive in Paris on November 27 and will sail for Canada from Cherbourg on the Majestic. He will be accompanied by Hon. Ernest Lapointe, Canadian Minister of Justice, and possibly also by Hon. Vincent Massey, Canadian Minister Plenipotentiary to Washington.

ART GALLERY MUST GET MORE SUPPORT

MR. E. B. PEMBERTON, PRESIDENT OF ARTS AND CRAFTS SOCIETY, REVIEWS WORK

Assistance Needed if Gallery to Continue, Says Leader of Organization

That better support must be forthcoming for the Art Gallery, both from the members of the society and from the general public, was emphatically urged by the president, Mr. E. B. Pemberton, at the annual meeting of the Arts and Crafts Society held last evening.

The gallery, which is probably the most important of all the activities of the Arts and Crafts Society, will not run itself, and unless it receives better support it will fail, said Mr. Pemberton. "We must have assistance if we are to keep the gallery going." The statement was made in connection with his annual address, in which he reviewed the activities of the society for the year, showing that those who have had charge of the gallery through the past year have done their best, but that the organization has not been by any means idle. The activities of the society had included keeping the gallery going through the past year, changing the pictures, and getting new craft work. The members had also had to work up the annual exhibition, and furnish good lectures through the season. The Sketching Club, another part of the society had been active.

"The gallery," said Mr. Pemberton, "should really be a civic one, supported by the city at large, and not put the whole onus on the Arts and Crafts Society, which, after all, is only comparatively small." It was suggested that the Provincial Government might give assistance, and the new committee was recommended to take up this matter with the city, which would come within its jurisdiction for the season. New pictures would have to be obtained from the National Gallery, and attention was drawn to the fact that the city had been asked to contribute to the gallery and to the entrance, and thanks expressed to Mr. Ande, manager of the Crystal Gardens, for the interest he had shown and the help he had given. Reference was made to a villa made to the gallery during the year by Mr. Healy, president of the C.P.R., by Mr. Fisher, general superintendent, and by Mr. Gardom. The necessity of more members in the society was referred to. Continued on Page 2

Payment Is Made on National Indebtedness

OTTAWA, Nov. 18.—J. A. Robb, Minister of Finance, gave notice today that the two-year 4 per cent notes amounting to \$3,000,000 dated November 1, 1924, were redeemed in cash on November 15 last. He further stated that indebtedness which matured October 1 last and amounted to \$25,000,000, had been redeemed in cash out of current revenues. By the use of current revenues for this purpose, Canada had saved \$1,750,000 in annual interest charges.

Queen Marie Puts Stop To Her American Tour

LOUISVILLE, Ky., Nov. 18.—Queen Marie of Rumania virtually concluded her American tour here tonight and made ready for a quick run to New York, whence she will sail for home on the first ship available. Disturbed by private advice from Bucharest concerning the condition of the King, she summoned members of her suite and American advisors today and directed that she be taken as soon as possible to the bedside of her husband.

Attempt to Stop Team Costs Farm Hand Life

CALGARY, Nov. 18.—A heroic attempt to stop a runaway near Langdon today cost the life of Howard Patterson, twenty-one, farm hand. The horses took fright while a wagon was being loaded with wheat and bolted. The wagon tongue struck Patterson on the chest.

Triplets Bring Number Of Children to Nine

TORONTO, Nov. 18.—Triplets, all boys, and weighing five, six and seven and one-half pounds, were born yesterday to Mrs. Charles Robertson, of Woodbridge, near here. All four are doing well. The birth of the triplets increases the Robertson family to nine children, seven boys and two girls.

WALES TO SUPPLY COAL TO CANADA

Influential Canadian Group Interested in Great Merger of Anthracite Companies in South Wales

PART OF GREAT PLAN LINKING TWO LANDS

Recent Visit of Sir Alfred Mond to Canada Is Stated to Have Been Concerned With This Business

SWANSEA, Nov. 18.—It is stated here that the fusion of the interests of the Amalgamated Anthracite Collieries Ltd., announced yesterday, is only part of a great scheme conceived in the interests of West Wales and Canada, and is of enormous potential value to the port of Swansea and to the anthracite coal fields.

The recent visit of Sir Alfred Mond to Canada is stated to have been concerned with the merger and the official announcement of the fusion indicated that his efforts in co-operation with an influential Canadian group were eminently satisfactory. The Swansea group of anthracite colliery owners is now the only one outside the combine, and well-informed circles here consider that a merger in this direction is not unlikely.

Another Prospector Found Dead in Cabin

150-MILE-HOUSE, B.C., Nov. 18.—Another prospector has been found dead in his cabin. Ray Hamilton, looking for a stove mine, was found in a trap line made a visit to Mike Pearson's cabin four miles below Quesnel Forks. Upon entering the cabin he found Pearson lying on the floor by the stove with a blanket over his head. The cabin being across the river, and in a very lonely spot, it hardly ever visited by anyone, and as Pearson rarely came to Quesnel Forks, except for food supplies every few months, he was not missed. He was last seen in July. Hamilton immediately reported the case to W. Lowden, J.P., for Quesnel Dam, went down to investigate, and Constable Hughes was away. He found that Pearson had been dead some time. At least \$50 in cash and papers were found on the body, which was in a very bad state of decay. The deceased was between forty and fifty years, was a native of Sweden and had been prospecting on the river below Quesnel Forks for some time.

POLICE QUESTION MAY BE VOTED ON

SANICHO COMMISSION ASKS COUNCIL TO SANCTION REFERENDUM ON POLICE SYSTEM

Councillors Differ on Responsibility to Change in Policing of Municipality Hereafter

The Sanich Police Commission recommended to the Council at last night's meeting that the question of transferring the police system to the Provincial Police be put before the people at the coming election in the form of a referendum. Commissioner Harrap, who originally brought up the question, noted that "as the commission has endorsed the principle of the Provincial Policing of the Sanich municipality, it more than makes sense that it should be a referendum at the forthcoming election."

When the matter was brought up at the Council meeting, Councillor Vantricht wanted to know if the "Commissioners were not men enough to decide the question themselves." Reeve Macleod expressed the opinion that the matter should be called upon to decide an important question in the municipality's system of policing.

Empire Constitution Plan of Development Is Being Considered

LONDON, Nov. 18.—(Cable from George Hamilton, Staff Correspondent of the Canadian Press).—A plan for a kind of diplomatic exchange between Great Britain and the Dominion is understood to be receiving consideration from the delegates to the Imperial Conference.

Under this scheme, if adopted, a governor-general would be the representative purely of the Crown, not of the British Government. Communications would then practically pass direct to London, with the Dominion high commissioner exercising a semi-diplomatic function, and the British Government would be represented in each Dominion by a special officer who would keep the Dominion government informed of the course of the policy of the British cabinet.

Prospects of Coming To Throne Are Remote

GRAND DUKE CYRIL, Cousin of the late Czar Nicholas of Russia and claimant to the throne.

OAK BAY RE-ELECTS FORMER DELEGATES

SIX REPRESENTATIVES OF LIBERAL-CONSERVATIVE GO TO KAMLOOPS UNINSTRUCTED

St. Mary's Hall Well Filled by Gathering When Close Contest Is Held

At a meeting of the Liberal-Conservative Association in St. Mary's Hall last evening at 5:30 o'clock, the six delegates that will represent Oak Bay at the Kamloops convention were elected. The delegates were Messrs. E. M. McConnan, J. L. Mara, J. C. McNeill, J. B. Acland and W. H. R. Allen and Captain Tapley. The six who were named as delegates are the same men who were elected at the meeting held previously and to which objection was raised as being irregularly called.

There were over two hundred present at the gathering, showing an immense amount of interest being manifested in the meeting. In opposition to the six selected was another slate of six made up of Messrs. A. W. Elliott, W. G. Hall, E. H. Hogerton, H. R. Brown, P. J. Sinnott and R. A. Woolton. No instructions of any kind were given to delegates by the meeting. In the first instance there was a discussion of instructions, so that the six elected are at liberty to cast their votes for the party leader at the convention just as they see fit. There has been an impression, however, that the elected slate may be favorable to Mr. J. L. Mara, while the opposing slate favored Mr. W. J. Brown.

Close Contest Issues

The count of the ballots last evening showed the following results: Mr. E. M. McConnan, 107; Mr. J. L. Mara, 194; Captain Tapley, 103; Mr. J. C. McNeill, 102; Mr. J. B. Acland, 102; Continued on Page 2

Man Who Flourished Revolver Gets Month

NELSON, Nov. 18.—John Mansfield, who, while a student in the high school of Joseph Burton yesterday morning, threatening to fill him with lead, when Burton appeared in his room, was sentenced to a month in jail today for a charge of carrying a dangerous weapon. Mansfield, a native of the United States, was charged with carrying a revolver on his person. He was found with the revolver in his possession. He was sentenced to a month in jail for carrying a dangerous weapon.

Prohibition Agents Are to Be Indicted

SAN FRANCISCO, Nov. 18.—The Examiner says that the indictment of two Federal prohibition agents and a number of policemen in Los Angeles against the result of newly discovered evidence linking the officers with alleged rum-running activities.

The officers were thrown into the same straits as the approximately fifty suspected liquor smugglers arrested during the last few days in the Government's drive against what is described as the largest liquor conspiracy the Pacific Coast has ever known. It was disclosed that current developments have assumed such proportions that the Attorney-General's office in Washington is preparing to handle directly the prosecution of those involved.

Duel in Hungary Is Fought Between Two Political Notables

BUDAPEST, Nov. 18.—A sword duel which left the principals unscathed, was fought today between Count Paul Teleky, former Premier, and Count Emerich Karolyi, cousin of Count Michael Karolyi, former President of the Hungarian Republic. The duel followed a remark made by Count Karolyi to the effect that he would not fight Teleky, who could sleep as soundly under the responsibility of having sent Prince Ludwig Windisch-Graetz and Dr. Teleky to prison as conspirators in the great franc counterfeiting plot early this year.

Sentence Deferred

VERNON, B.C., Nov. 18.—Paul van Damme, charged with attempted murder and with intent to do grievous bodily harm to members of his family, was acquitted of these charges, but found guilty of common assault in the assault court here today. Sentence was deferred.

WORLD MEETING IS RECOMMENDED

Committee of League of Nations Advises Convocation of International Economic Conference Next May

ALL IMPORTANT STATES TO BE INVITED THERE

Gathering Is Not to Be an Isolated Event, But Another Stage in Continuous Economic Collaboration

GENEVA, Nov. 18.—Convocation of an international economic conference on May 4, 1927, is recommended by the preparatory committee in its draft report to the League of Nations council.

The report emphasized that the conference is not an isolated event, but another stage in the continuous work of international collaboration in the economic sphere. All important states not members of the League should be invited to the conference as well as the League members. It recommends, each state to send a representative to the conference. Experts also might attend, but would not be entitled to speak or vote.

The broad lines of the agenda suggested by the preparatory committee are: Freedom of commerce, customs, tariffs and commercial treaties. Indemnity methods of protecting national commerce and national shipping, the organization and production, the importance of collection and prompt exchange of statistical information concerning industrial production, the present position of agriculture, the causes of its present difficulties and the possibilities of international action.

Twenty Were Wounded But Not by Pirates

HONG KONG, Nov. 18.—Agents of the Chinese-owned steamer Hong Kong have received a message from the ship stating that casualties on board were not caused by pirates, as was earlier thought possible here, but were caused by a mine running amok. A brief message yesterday simply reported that the vessel, which is proceeding from Singapore to Hong Kong, had been struck by a mine. Twenty wounded persons. Today's message, replying to one asking if pirates had been encountered, said: "The mine struck the vessel, causing twenty persons to be wounded. The mine was running amok, and was not a pirate ship." The mine was struck by a mine, and was not a pirate ship.

MINERS VOTE "NO" YET THEY RETURN

DISTRICT BALLOT RESULT IS AGAINST ACCEPTANCE OF GOVERNMENT TERMS

Meanwhile Men Are Returning to Work in Large Numbers, Even in Welsh Districts

LONDON, Nov. 18.—The whole question of the coal settlement is again in confusion. The Miners' Federation secretary, A. J. Cook, today announced that the district vote was against acceptance of the government's terms of the settlement of the strike. All the large districts were opposed to the conditions. This came as a great surprise to the leaders of the delegate conference, which had looked upon endorsement of the conditions as a foregone conclusion. No figure has been leaked, but it is understood that the Government's proposals have been rejected by a majority of 10,000. The Miners' Federation will attempt to deal with the situation tomorrow. There is talk now of taking a direct ballot of the men in order, if possible, to avoid absolute rejection of the Government's proposals, which will be withdrawn if the Federation accords according to the vote of the district. Meanwhile, even in Wales, where the vote was against a settlement, the men are returning to work in large numbers.

Well-Known Kootenay Pioneer Dies at 77

NELSON, B.C., Nov. 18.—Thomas Bennett, who came to this district nearly forty years ago and was a pioneer logger and mine owner of the Sheep Creek gold camp died today at the Kootenay Lake general hospital here, aged seventy-seven. In the early days he had the controlling interest in the Yellowstone, Kootenay Hills and Mother Lode Mines, all well-known producers. He received from Brockville, Ont., to Vancouver in 1837, coming here a year or two later. He has a son and daughter and a brother in California; a brother, Albert Bennett, and a sister, Mrs. H. E. Fennell, in Vancouver; and a brother in Brockville. He lived for many years in Nelson, but latterly at Ymir.

Gloomy Dean Says That Englishmen Are Lazy

LONDON, Nov. 18.—Dean Inge, the "gloomy dean" of St. Paul's Cathedral, has arrived at the conclusion that Englishmen generally are lazy. A tendency to sloth and arrogance, and a certain indolence to eating and drinking, were faults which he pointed out in his sermon before the Bishop's Guild Institute, and in a way, he said, he agreed with this.

"On the whole," he added, "I think we are a lazy people. Not only our workmen, but the employers and right on down through the nation."

Saanich Names Its Convention Delegates At Meeting Tonight

TONIGHT the Saanich Liberal-Conservative will meet in convention in Lake Hill Community Hall for the purpose of selecting their delegates to attend the Kamloops convention next Tuesday, when the question of a leader of the party for the Province will constitute the main business to come before that gathering. The meeting is called for 7:30 and in the official call made by the president, Mr. W. Stubbs, he urges all members of the association to be present at the meeting.

"Ginger" Snook Leaves Scene of Activities

WINNIPEG, Nov. 18.—Robert Snook, well known to two generations of the citizens of Winnipeg, died here today ninety-two years old. "Ginger" Snook was a familiar figure in the city, a contracting excavator, but had become a unique figure through his picturesque activities in connection with the war effort. He attended all council meetings, most committee meetings and voiced many complaints. He ran for office unsuccessfully many times. He had resided here since 1882.

TWO NEW GARAGES TO COST \$60,000

WORK WILL START IMMEDIATELY ON FIRST BUILDING FOR THOMAS PIMLEY, LTD.

Second One to Be Built Next Month—November Building Permits Show \$31,790 Increase

The city's November building permits were increased in value by \$31,790, when three more permits were taken out yesterday, the largest of which was for a new garage for Thomas Pimley, Ltd., which is to be erected on Yates Street. Tarritt Brothers, the contractors, took out a \$15,300 permit yesterday for the building of this garage, which will be situated at 1015 Yates Street. Work will begin immediately. It is to be a brick structure, one story high, with a floor area of 7,200 square feet. The building will be 120 feet long and sixty feet wide.

Mr. Thomas Pimley, in describing some of the features of the building to the Colonial yesterday, stated that he expected that work would commence next month on his second garage, which is to be built at the corner of Vancouver and Yates streets, near the one that is now being erected. The second one will be much larger and will cost approximately \$27,000. It will be three times as large as the one for which a permit was taken out yesterday, having a floor area of 18,000 square feet, being 150 feet long and 120 feet wide. It will be a one-story brick building and will be used exclusively for Chrysler automobiles. The smaller building, when finally completed, will cost in the neighborhood of \$15,000. This will make a total expenditure of \$60,000.

A permit was taken out by Mr. Walker, Superior Street, to build a residence on the northeast corner of Superior and Montreal Streets at a cost of \$3,500.

Total value of permits taken out so far this month is \$21,750, as compared with \$14,000 for the same period in November of 1925. This is an increase of \$7,750. Permits taken out so far this year have already surpassed the total for the whole of 1925, with another month and a half remaining to complete the year. Yesterday the value of permits taken out this year was \$253,084, as against \$548,167 for the whole of last year. The increase for the first ten and a half months of this year over the whole of 1925 is \$50,841. As compared with the corresponding period of last year, in which the permits had a value of \$418,729, the increase so far this year is \$180,355.

Alberta Farmers Want Member on Harbor Board

CALGARY, Nov. 18.—Interpreted as forerunner of further action Friday, when the Federal U.F.A. members met the Provincial Government, here, a resolution was adopted today at the U.F.A. executive, urging that the Alberta Government, the U.F.A., and the wheat pool be consulted before an appointment to the Vancouver Harbor Board is made. The resolution declared that Alberta is vitally interested because this province supplies a major portion of the wheat passing through the port of Vancouver, and that it would be but common justice to have representation of Alberta producers on the Harbor Board.

Women in Turkey Are Officially Rebuked For Skirts Too Long

CONSTANTINOPLE, Nov. 18.—The women of Karahisar, a town in the Turkish interior, have just been officially rebuked for wearing their skirts too long. The prefect declared a change in style when he learned that twenty-six yards of material were used to make the ladies' gowns, and that three such garments were worn, one over the other.

Would-Be Assassin Is Sentenced to Ten Years

BARCELONA, Nov. 18.—Maares Torrens, who last August threw a dagger at Gen. Primo de Rivera when the Premier was driving in the railway station has been sentenced to ten years imprisonment at hard labor. The Premier escaped injury at the time, but kept the dagger as a souvenir.

STEAMER ON FIRE IN ST. LAWRENCE

Steamer Montreal Is Beached Near Sorel—Signal Service Unable to Get in Communication

FIVE MEN ON BOARD THOUGHT TO BE LOST

Vessel Was Carrying Freight Down River When Disaster Occurred—Government Boat Ordered to Scene

MONTREAL, Nov. 18.—Five members of the crew of the Canadian Steamship Company's steamer Montreal are believed to have lost their lives in the burning of the steamer early this morning, near Sorel. The men are missing and attempts to locate them have been futile. Although the Montreal is a passenger carrier she had finished her regular annual fifteen days ago, and no passengers were on board. She was carrying freight on a trip from Montreal to Quebec when the disaster occurred. No word was received at the local signal service from Montreal, the fire having been overtaken by fire so rapidly that she had to be immediately beached, or from the steamship Brant County, which was coming up the river at the time, having passed Sorel at 11:10 o'clock. The latter vessel is fitted with wireless, but the signal service was unable to get into communication with the ocean-going craft up to 1 o'clock.

The Canadian Government steamer Berthier was ordered to leave Sorel and proceed to the scene. The Montreal was overtaken by fire about twenty years ago when at Sorel, and suffered considerable damage. At the time she was almost completely gutted.

Priest Dies Who Once Lived in Married State

WINNIPEG, Nov. 18.—Rev. Father Theophile Pare, former member of the Manitoba Legislature, is dead here at the age of seventy-five years. He had been a resident of Manitoba for thirty-four years, taking an active part in the educational and political life of the Province. He was ordained to the Catholic priesthood in 1894 by special permission of the Pope. Father Pare came West from Lachine, Quebec. He was one of the few Catholics to be admitted to the priesthood after being married. His wife died in 1904.

SALES TAX CHIEF EXCISE REVENUE

BUT THERE ARE SOME TWO THOUSAND CASES IN WHICH PAYMENT IS OVERDUE

Customs Commission Deals Hard From Excise Head—Clearance of Liquor Exports

OTTAWA, Nov. 18.—The existence of an extensive traffic in liquor between British Columbia and the United States was alleged before the Customs Commission at today's sittings. Mr. C. P. Blair, chief executive assistant of the department, told the commission that liquor was shipped from British Columbia ports such as Vancouver, Victoria, Prince Rupert or points along the British Columbia coast. It assumed the arrival of United States vessels, which took it on board without going through the formality of obtaining clearance papers, and smuggled it into the United States. Mr. Blair said that he knew of nothing which could prevent the shipment of liquor to points along the British Columbia coast.

The apprehension of the vessels which called for liquor at these points would deal a blow at the traffic. The traffic in liquor in British Columbia occupied a prominent position during today's sittings of the Commission. Mr. Blair told the Commission that the Customs at Victoria and Vancouver were holding a number of uncanceled bonds for liquor shipments, because they doubted the genuineness of the landing certificates furnished them. Certificates were sometimes fraudulent, even though they bore the genuine stamp of the country to which the liquor was consigned. It seemed possible to obtain the landing certificates and use them fraudulently, he said. Thus liquor supposed to have landed in Mexico, for instance, was frequently consumed in the United States.

Unreleased Sales Tax. Another witness, Mr. H. H. Elliott, junior departmental solicitor, informed the Commission that at present there were approximately 500 active cases in which the Customs Department was taking legal steps to collect the sales tax. Continued on Page 2

Javanese Outbreak Are Not Quite Over

AMSTERDAM, Nov. 18.—Communist disturbances which occurred in Java last week have resumed in many parts of the country. Latest advice from Batavia said today: Three Communists were killed, and twenty wounded in an attack in the Bojipali region, while one was killed and two wounded in a surprise attack in the Djekja district. The entire executive committee of the Communists has been arrested at Bandung, and 463 persons have been arrested at Weltevreden.

Dr. Suzzallo Is Chairman

Of Carnegie Foundation

NEW YORK, Nov. 18.—Dr. Henry Suzzallo, suspended president of the University of Washington, yesterday was elected chairman of the board of trustees of the Carnegie Foundation for the Advancement of Teaching.

The trustees reported the distribution of \$1,200,000 in retiring allowances and pensions during the last year.

The year's outlay, it was said, brings the total distribution of this kind to \$18,000,000.

ONLY REMEDY MUST BE INTERNATIONAL

No Other Effective Method Discovered of Removing Difficulty of Woman's Nationality

LONDON, Nov. 18.—(Cable from George Hambro, Staff Correspondent of the Canadian Press).—International action, in the view of the Nationality Committee of the Imperial Conference, will be the only effective method of remedying the difficulty of a woman being without a country as a result of marrying an alien. The committee will present its report at a full meeting of the Conference today.

The report has not yet been made public. It is understood that the committee makes recommendations on comparatively minor points, such as the registration of aliens, but on the vital question of a married woman's nationality, it apparently could not reach an agreement. The committee's difficulty lay in the fact that from having no nationality, a married woman might be placed in the still more difficult position of having two nationalities. A Canadian girl who marries an American, for instance, now loses her British nationality, but cannot acquire American nationality until after a year's residence in the United States. A proposal has been made to allow her British nationality for the time being, and this, adopted by the committee, would meet her case, but it would increase the difficulties of a Canadian girl marrying a Frenchman, as she would be British in Canada but French in France, with the children following the father's nationality.

OAK BAY RE-ELECTS FORMER DELEGATES

Continued from Page 1

Mr. W. H. B. Allen, 143; Mr. W. Galt, 96; Mr. R. A. Woolton, 96; Mr. H. R. Brown, 96; Mr. A. W. Elliott, 94; Mr. P. J. Sinner, 94; and Mr. E. B. L. Rogers, 92.

Before the meeting proceeded to the selection of the delegates to represent them, the president of the association, Mr. E. M. McConnan, said that he wished to offer an explanation. He said that he had been made a scapegoat of in this matter. Oak Bay Conservative Association, he explained, had no constitution. It had been the practice in the past for the president to call a meeting without any formal notice.

As far back as the organization had existed, this had been the practice that had been followed. In 1922, he said, a meeting had been called in this way by Mr. Marshall Gordon, the president, who instructed Mr. Conventry, the secretary, to call the meeting by means of the telephone.

At the meeting on Saturday week there had been an attendance of nineteen. The notice had been short because a request had come from the central executive of the city that the officers and the delegates should be elected on or before November 9. The meeting had been held on Saturday, November 6, because Monday, November 8, was Thanksgiving.

"When did you get that notice?" was asked from the audience.

Mr. McConnan replied, "On November 2."

Continuing, the chairman said that in 1922 there had been no newspaper notice given of the meeting. In this latter case there had been one placed in The Times.

He pointed out that there had been no instructions given in any shape to the delegates named at the meeting, as to how they were to vote at the convention. Declaring the meeting open to the receiving of nominations, Mr. Gordon nominated Mr. McConnan and was proceeding to speak to his claims to being accorded the position when Mr. P. J. Sinner interrupted, saying he wished to present a resolution.

Calling to order until Mr. Cameron had completed his remarks, in which he said that the actions of Mr. McConnan had been in the very best of good faith, Mr. Sinner moved up with an objection that ballots had been distributed at the door and that many of them had been marked before the meeting opened. He felt that this left the situation open to criticism.

He moved that scrutineers be appointed, and that these collect all the ballots, and that no others be accepted.

The chairman said that there had been some ballot marked by mistake, but these were being collected and would not be counted.

Mr. F. J. Popham was named as scrutineer although there was some good-natured chaffing at his being called upon to fill the office when he belonged to another ward of the city.

With the nominations complete only the names above mentioned being put in nomination, the election proceeded with scrutineers from the different wards acting for their sides. The results of the poll was as given above.

Rub Away Baby's Colds

A Boon to Mothers

Mothers everywhere who realize the danger to delicate little stomachs of too much dosing appreciate the value of Vicks in treating croup and children's colds.

With Vicks there is nothing to swallow—you just rub it on. The body heat releases the ingredients—Menthol, Camphor, Eucalyptus, Thyme, Turpentine—in the form of vapors which carry the medication directly to the nose, throat, bronchial tubes and lungs, and soothe the inflamed parts.

At the same time Vicks is absorbed through and stimulates the skin like a poultice or plaster.

Colds go overnight, croup is generally relieved within 15 minutes.

ART GALLERY MUST GET MORE SUPPORT

Continued from Page 1

and the value of this, both in increasing interest in the gallery and in creating its finances, was pointed out. Victoria had many beautiful art treasures, which were available for the loan collection, but getting them together meant a lot of work.

In conclusion Mr. Pemberton paid special tribute to Mrs. L. B. Kent and Mr. McKillan "for their untiring energy, and for all they have done for the society."

Year's Finances

The actual financial standing of the society was disclosed by the treasurer's statement, which included the statement for the recent annual exhibition. The income from this had amounted to \$178, with a net balance in favor of the society of about \$115 after the payment of all expenses. This did not

HIS LATEST CRIME

include the \$40 handed over to the solution as the proceeds of the last week's exhibition.

A synopsis of the year's work was contained in the secretary's statement, showing that there had been lectures by Archdeacon Laycock on "Architecture," illustrated with lantern views of the principal architectural edifices, including churches, in England; by Mrs. John Kyle, who had spoken on "Scottish Art, Past and Present"; by Miss Catherine Lothian, on "Pottery and the Potter's Craft"; by Mr. Stewart Dick, of London, England, on "Art of Yesterday and Today."

Exhibitions held under the auspices of the society had included Mrs. Conner's, held in the Union Building room; Miss Hookham's exhibition of hand-woven articles, several individual exhibitions of work by local artists, Mrs. Bullen, Mr. Tom Bamford, Miss Donagh, Mr. Cameron, Major Leslie, and students of Mrs. Uthoff's art school. All had been well attended.

Outdoor Sketching

The report also referred to the activities of the Sketch Club, which went out sketching every Tuesday, and made monthly for criticisms of work done.

The seventeenth annual exhibition had brought forth an unusually fine display of paintings, with 121 water colors, fifty-five oils, and sixty craft groups. Sixty different artists were represented, and thirty-five craft workers.

The display of paintings in the loan collection at the gallery continued, with examples of work by the old masters and a group of paintings by Canadian artists.

The election of officers for the ensuing year resulted as follows: Honorary presidents, His Honor the Lieutenant-Governor and Mr. W. C. Nichol; president, Mr. T. R. Gore; vice-presidents, Mr. F. Pemberton, Miss Crease, Major Leslie, and Mr. Bamford; secretary, Mr. G. R. Symons; treasurer, Mr. J. R. McMillan; committee, Mrs. Sweeney, Mrs. Loveland, Miss Lettice, Mrs. Young, Mr. McIlven, Mrs. Willis, Mrs. Harrison, Mr. Nairn, Mr. Cameron, Mrs. B. R. Hartley, and Mrs. Anstie.

Will Appeal Case

A fine of \$20 was imposed on Dr. Thomas Mercer yesterday in the City Police Court, following his conviction by Magistrate Jay on a charge of driving his automobile to the common danger on View Street on October 21. Mr. H. A. Maclean, K.C., who appeared for the defendant, paid the fine under protest, and stated he would appeal the case.

Girl Acquitted

NEW WESTMINSTER, B.C., Nov. 18.—Florence Palmer, 19-year-old Vancouver girl, was this afternoon acquitted in the assizes court on a charge of murder in connection with the death of her new-born baby at Fort Hammond, August 31 last.

SALES TAX CHIEF EXCISE REVENUE

Continued from Page 1

Earlier in the day it was brought out that the automobile equipment of the preventive service for apprehending automobile thieves and smugglers in the city of Montreal consisted of one car. In the three Prairie provinces there were four cars for about 400 miles of border. Down in the Maritime Provinces a number of the Customs preventive boats were not capable of making ten knots an hour, which was considered necessary to catch run-ners.

B.C. Liquor Exports

Mr. Blair was examined by Hon. N. W. Rowell, K.C. The traffic from British Columbia to the United States in liquor was very large, he said, but unless the United States vessels calling for the liquor could be seized the Customs had no right to interfere.

Vessels were never cleared for the high seas, the witness said. A vessel, however, could clear for a certain port, discharge her cargo along the Canadian coast and then return "from the high seas."

Mr. Rowell suggested that if vessels entering port were compelled to state that they came from some definite port instead of from "sea," they might be checked up.

The witness agreed to this. Mr. Rowell said he was informed that in certain cases liquor was cleared from a Canadian port to Nassau or Havana. In a few days the vessel returned with all or part of her cargo gone, and entered her port "from the high seas." "Does the existing law enable you to meet the situation?" Mr. Rowell asked. Mr. Blair replied that he did not know anything of such cases.

Anti-Smuggling Treaty

Mr. Rowell took the witness through the various clauses of the anti-smuggling treaty between Canada and the United States. Mr. Blair said that the section which provided for the return of smuggled and stolen articles to nationals of the other country was frequently enforced. It was generally used in connection with the stolen automobiles.

Mr. Blair replied that he thought the penalties at present in the law were inadequate. He explained that one method of bringing in stolen cars was to purchase an old, second-hand in the United States and put its number on the good car and then declare it to the Canadian Customs. In this way the stolen car's identity was often concealed.

Mr. Rowell said that the Attorney-General of B.C. had been making some complaints in regard to the export warehouses.

Mr. Blair replied that this complaint was that the export warehouses were taking out export entries and not really sending the liquor out of Canada.

"That they were being used as supply agents for bootleggers?" asked Mr. Rowell.

Mr. Blair replied that this was apparently the nature of the complaint. The export liquor warehouses were, he believed, licensed by the Government of B.C.

Sales Tax

Mr. G. W. Lobart, in charge of the Excise tax branch, said that the revenue from this source last year amounted to \$23,000,000. Of this \$23,000,000 came from the sales tax.

There was no provision in the act for collection of interest or imposition of penalty for delay in payment of sales tax, the witness said.

"That probably explains the fact that there are some 2,000 cases where payment had been delayed," Mr. Rowell said. The Commission adjourned until tomorrow morning.

Brakes should be immediately examined and adjusted when the brake pedal strikes the car floor.

STOMACH TROUBLES ARE DUE TO ACIDITY

Tells of Pleasant Home Treatment to Bring Swift Relief

So-called Stomach Troubles—indigestion, dyspepsia, gas, acidity, etc., are probably nine times out of ten, evidence of "too much acid in the stomach," causing the formation of gas and "stomach indigestion."

Gas distends the stomach and causes a feeling of burning, feeling known as heartburn, while the acid irritates and inflames the lining of the stomach, causing the pain and the burning and the acidity.

To stop or prevent the stomach and gas, in neutralizing the acids and lowering the stomach's acidity and free from indigestion, a teaspoonful or four tablets of Bismarck's Stomach Tablets should be taken in a little water after eating or whenever gas, acidity, pain or acidity is felt. These quickly soothe the stomach, neutralize the acidity, stop the pain and the burning and the acidity.

Bismarck's Stomach Tablets are a safe, reliable remedy for all stomach troubles, and can be obtained from any drug store, and the day may be made the stomach in one condition, enabling it to do its work without the aid of artificial stimulants. (Advt.)

PROMINENT CHINAMAN IS NARCOTIC ARREST

Manager of Silk Importing Business in Vancouver Is Added to List of Prisoners

VANCOUVER, Nov. 18.—Closing of the net on narcotic runners in British Columbia resulted in the arrest today of Yow Yuen, prominent manager of the Vancouver Chinese community, and manager of a silk importing business.

Yow was arrested on a warrant sworn out by Norman De Graves, head of the Customs Investigating Department by Royal Canadian Mounted Police officers. It is alleged in the warrant that on or about February 8 the Chinaman imported opium into Vancouver. His arrest follows the apprehension of six other men who are now facing the same charges on drug-running charges. Yow, it is alleged by De Graves, was connected with these men and with Charles Marino, sentenced some time ago to three years in the penitentiary.

According to De Graves, it is probable that the Chinaman will also be called upon to face two other charges—one of causing narcotic drugs to be carried in Vancouver, and another of helping a Customs officer. His arrest follows several months of investigation by Special Officer De Graves and his men.

Guest in Hotel Makes Noise and Gets Visit

NELSON, Nov. 18.—John E. Mansfield, alleged to have pressed a loaded revolver against the body of Joseph Burton, and threatened to "fill him full of lead," when Burton invaded his room at a local hotel yesterday morning to protest at the noise emanating from Mansfield's room during the night, has been taken into custody and will appear in police court today on a charge of assault.

WOMAN IS SENT UP FOR TRIAL

MRS. JEAN BOWERS, CHARGED WITH MURDER, IS FORMALLY COMMITTED HERE

Mr. H. A. Maclean, K.C., Counsel for Accused, Pleads for Change in Charge, But Without Avail

Magistrate George Jay, at the conclusion of the preliminary hearing in the City Police Court yesterday, formally committed for trial Mrs. Jean Bowers on a charge of murdering Frederick La Marr on the evening of Sunday, November 14, at the Gordon Rooms, 515 Johnson Street. Before committing, Mr. H. A. Maclean, K.C., counsel for Mrs. Bowers, appealed to the court to change the charge against his client from one of murder to one of manslaughter, seeing that the coroner's jury had brought in the latter verdict. He held that no evidence that had been adduced by the prosecution would justify the accused being charged with murder, claiming that she had acted in self-defence. Also, it was almost impossible, counsel continued, to get bail on a charge of murder.

City Prosecutor Claude L. Harrison declared that no weight could be attached to the manslaughter verdict of the coroner's jury, in view of the fact that their original finding was an open verdict. It was a question for a jury to decide whether the remarks made by La Marr to the accused were justification for the murder he followed, he said. What La Marr had said to Mrs. Bowers was reprehensible, he admitted, but held that it was for a jury to determine whether the accused had taken La Marr's life in self-defence or had unlawfully killed him.

Would Order No Change
The court would not change the charge, Magistrate Jay announced. A commitment, his Honor observed, should follow the information. The matter was perhaps outside his jurisdiction, he said, but the matter would rest with the Attorney-General after commitment.

The first witness for the Crown was Dr. John H. Moore, who told of having performed an autopsy on the body of Frederick La Marr on November 15. His finding was that death had been due to a puncture of the left auricle of the heart, caused by a chest wound. He examined a knife which he said might have caused the wound in La Marr's body. Dr. George Hall, who was called to the Gordon Rooms, 515 Johnson Street, on Sunday, November 14, at 4:30 p.m., said that he had found La Marr dead on the floor in the kitchen and his head was resting on Mrs. Bowers' knees, witness stated.

La Marr's chest was bare and the fresh wound was exposed. Dr. Hall attributed cause of death to the wound. The third witness was Leonard Fekman, draughtsman, who had made a plan of the upstairs at 515 Johnson Street. He explained to the court the blue print.

Found La Marr Dead
Detective Marcus Phillips told of his response, together with Detectives Stark and Rogers, Constable Cremer and Patrol Driver Raines, to a telephone call received from Dr. George Hall, at the Gordon Rooms. On his arrival at the said premises, witness said he had found La Marr dead. Witness testified there was a small knife on the floor of the room beside Mrs. Bowers' left foot.

Prosecutor Harrison declared that the said knife was being examined for fingerprints. The altercation between La Marr and Mrs. Jean Bowers at the Gordon Rooms on Sunday last was described to the court by Beatrice Ruhl, who was living at the Gordon Rooms. The trouble had arisen after a man named Harry Collins had come to the house, who told Mrs. Bowers he had phoned to La Marr the night before. It was because of this that the accused, witness asserted, had said to La Marr that he need not expect to live in her house if he was going to lie. They had had words, and Mrs. Bowers picked up a frying pan, threw it at La Marr, but had failed to hit him, she continued. He had called an insult to her, which witness would not repeat but wrote for the court. Then the accused had screamed, seized a paring knife from a drawer in the table, and as La Marr came towards her, had struck him.

Corroborative Evidence
Corroborative evidence as to the argument and fight between La Marr and Mrs. Bowers was given by Bertha Leach, who also resided at the Gordon Rooms. La Marr and the accused had quarrelled early on Sunday morning also, witness testified.

REMAND GRANTED IN MURDER CASE

PRELIMINARY HEARING OF CASE AGAINST MRS. McRAE TO BE HELD TOMORROW

Coroner's Jury in the Inquest Into Death of A. F. McRae Finds He Was Killed by Wife's Hand

Mrs. Margaret McRae, charged with the murder of her husband, Albert Frederick McRae, by shooting him through the head with a revolver at his home, 851 Houghton Street, on Wednesday, was remanded in the City Police Court yesterday by Magistrate Jay until tomorrow morning.

The hearing lasted only five minutes. Mrs. McRae was calm when she made her appearance in the courtroom, which was packed to the doors. She was well and carefully dressed, but showed no emotion whatever nor spoke a single word while arraigned before the magistrate.

The court asked Mr. Stuart Henderson, counsel for Mrs. McRae, whether he would like a remand, and the response was in the affirmative. Saturday morning being suggested as a suitable time. And it was so ordered.

The verdict of the coroner's jury in the inquest into the death of A. F. McRae, held yesterday, was that the death, Edward Keen, who testified the body had been found at the hands of Mrs. McRae. The jury deliberated for eight minutes before returning with its finding.

Evidence was given by Police Constable James Strong, Dr. M. W. Thomas, Dr. J. H. Moore and Edward Keen, Dr. Moore, who performed the post mortem, attributed the death of A. F. McRae to a fracture of the base of the skull, caused by the bullet which was discovered in two portions. There was also a slight tubercular affection, he said, but this had had nothing to do with the death. Edward Keen, who testified the body had been found at the hands of Mrs. McRae, said that he had been with him some time and had been with him often during the last five months.

The coroner, Dr. E. C. Hart, informed the jury as to the difference between manslaughter and murder, pointing out that an act done in the passion of the moment or in self-defence might reduce the charge to manslaughter. There was nothing of this kind in the case in point, he said, there being no quarrel or provocation whatever at the time of the killing.

Mrs. McRae sat through the inquest unmoved, frequently conferring with her counsel, Mr. Stuart Henderson. She was not called to the witness stand. The coroner explained that he had the power, if need be, to call her, but had not done so. This was not to effect the decision of the jury, he said.

Harris—How are you getting on with your writing for the magazines? Marshall—Just holding my pen. They send me back just as much as I send them.

Throat Droppings From Catarrh Quickly Ended by "Catarrhoxone"

DOUGLAS DAY

British Columbia today celebrates what is known as the Birthday of the Province. There may be differences of opinion as to what date should be set as the anniversary. The B.C. Historical Association, for instance, believes that the date should be March 11 as it was on that day in 1850 that the first Governor (Blanshard) landed within the present boundaries and read to the people Her Majesty's Commission to him as their first representative in her Dominion on these Pacific shores. Be that as it may, March 11 is not celebrated as the birthday and instead there is a somewhat general recognition that the event is more closely associated with the historic incident at Fort Langley on November 19, 1858, when Governor James Douglas of Vancouver Island was sworn in as Governor of the newly-formed colony of British Columbia. This date has been honored as the Birthday by such an authority as Judge F. W. Howay and there is no one who knows more about the history of the province than he does. The date has the sanction of the Native Sons organization of the province and of the L.O.D.E.; indeed it was the latter body which first decided on the commemoration.

The story of the event which led up to British Columbia's birthday is told in a most interesting fashion by Mr. Bruce A. McKelvie in his lately published book on "The Early History of the Province of British Columbia." He tells of how in 1858 Lord Lytton wrote on behalf of the British Government asking Governor Douglas to sever his connection with the Hudson's Bay Company and accept, in addition to the governorship of Vancouver Island, a similar position in the new colony to be established on the mainland which was given the name of British Columbia by Her Majesty Queen Victoria. Governor Douglas accepted the offer. On his acceptance he was advised by Lord Lytton as follows: "You will keep steadily in view that it is the desire of this country that representative institutions, and self-government should prevail in British Columbia when, by the growth of a fixed population, materials for these institutions shall be known to exist; and to that object you must from the commencement aim and shape all your policy." Mr. McKelvie then tells of the historic event as follows:

"The afternoon of November 19, 1858, was a wet and dreary one outside of the buildings of Fort Langley. At the head of the big flagpole dripped the Union Jack, while the flags on the ships on the river hung sullenly. It was a gala day—at least so the suppressed excitement, the uncounted crowds within the palisades, and the passing and repassing of scarlet-clad members of the Royal Engineers, but lately arrived, indicated. Within the largest house—the officials' quarters—a ceremony was in progress. The rooms of the place were crowded with officers of the Navy and Militia, officials of the company (Hudson's Bay Company), and dignitaries of the colony of Vancouver Island. Governor James Douglas of Vancouver Island, addressing himself to a stranger, solemnly administered to him the oath of office as Chief Justice of British Columbia, and Matthew Begbie, donning wig and gown, in turn administered the oath to Douglas as Governor of Her Majesty's newly-born colony of British Columbia.

Today the event is celebrated in Victoria by a ball at the Empress under the auspices of the Lady Douglas Chapter of the Daughters of Empire. The commemoration has grown in popularity year by year and Douglas Day has now become a definite landmark which there is growing delight in honoring. We are sure, for that reason, that the celebration here will be amply attended, and especially by all who take a pride in their country whether it be that of their origin or adoption.

DOING SUMS

A Boston university professor recently undertook an investigation of the methods in vogue in American schools in the subject of arithmetic, and has embodied the results in a bulletin based on the answers received from some five thousand teachers in that country. This study makes it clear that while formalism still prevails to a great extent everywhere, there is nevertheless a strong and growing movement towards bringing the child more effectively into the game. For at least a generation it has been an accepted doctrine that the child himself and not the mere subject-matter should form the centre of all school work. Modern psychology is opposed to the idea that a child should be required to learn today something in which he is not at present interested and believes he can learn it in such a way that he can readily profit by it at some future time. There is still much of the mechanical work carried on in school, it is true, but the actual results are unsatisfactory from the standpoint of true education.

In many schools a serious effort is made by the teachers to furnish problems in arithmetic which have a close relation to the pupils' actual life and interests; to "motivate" the work, as they say. It is one thing to ask a class to find the cost of painting and papering the walls of a room of a given size at so much per square yard, or at so much a roll, and quite another thing to have them undertake to find the cost of decorating the walls of a real room, the schoolroom itself, for example. The pupils must do their own measuring and make the necessary inquiries locally as to the cost of materials and labor. It is wearisome to a degree to "reduce" a number of tons to ounces or acres to square inches. It is highly interesting to lay out small sums in imaginary Christmas presents with the aid of a catalogue or to plan imaginary dresses or hats within the limits of a small dress allowance.

The bulletin gives many ingenious ideas which ingenious teachers employ in their classes. The pupils are required to plan a school garden, to estimate quantities of material for articles of clothing or for a picnic lunch, change a cake recipe which will provide helpings for eighteen persons instead of twelve, to find the cost of furnishing a room according to their own tastes, and even to secure from the city officials the assessed value of the municipal area and the amount of the budget, work out the tax rate and find the tax on various properties. The tendency is to omit arithmetical material unless it appeals to the children as worth while, and is connected in some vital way with their interests, activities, and life situations, and it is claimed that quite as much, and indeed more true discipline and training can be furnished by the means above noted than by the formalism and often meaningless routine of rigid school texts and courses.

FILM PROPAGANDA

The executive committee of the British Empire Film Institute has prepared a memorandum which has been submitted to the Imperial Conference on the subject of promoting British films. What it regards as the essential preliminaries to any reconstruction of the industry for Imperial purposes are a very high standard of merit at the outset. This standard it believes should apply not only to the technical resources of film-making but to the tone and general subject-matter of the picture and the motives inspiring it. The Institute wants a standard not only on a technical level, with American production, but in its character wholly British, and if this is accomplished it believes, "there is every possibility of combating the insidious and demoralizing influence of the foreign film in the British Dominions and of reinstating the great tradition of the British Empire in the eyes of film spectators throughout the world."

The Institute believes that what the Imperial Conference should discuss is greater financial facilities for British film-producing companies, the percentage of pictures to be shown on British and Empire screens, the interchange of Empire pictures between all the various Dominions, how far the bases of censorship should be regularized throughout the Empire, whether it would be advantageous to allow the free importation of educational films, and how far the duties imposed on all other films may be made uniform throughout the Empire.

The Ottawa Journal says: "Every Canadian bought (during the last twelve months) about \$65 worth of goods from the United States; each American bought only about \$4.50 worth of goods from Canada. And when the character of imports and exports is examined, the comparison is all the more striking. With the exception of paper, most of what we sell to Uncle Sam is raw material—pulp, nickel, copper, asbestos. What we buy, on the other hand, coal and a few things excepted, are finished products; goods that supply work and wages for Americans."

Two New Candidates for City Council Enter Race

Messrs. J. A. Worthington and M. B. Wellburn, Both Well-Known Business Men, Will Seek Election Next Month

Two additional candidates for the office of alderman are announced in the persons of Mr. John A. Worthington, 247 Government Street, and Mr. M. B. Wellburn, 1058 Pandora Avenue.

Mr. Worthington pledges his support to Mayor Penland in his announced policy to reduce taxation. He supports an industrial programme and increase in the city's population.

The candidate is a well-known citizen and large property holder in the city and adjacent municipalities. He showed his confidence in the city in buying heavily at the recent auction sale. He declares his adherence

to the policy of disposing as rapidly as possible of reverted lands.

Mr. Wellburn is a well-known business man, having been in the grocery trade at 1058 Pandora Avenue for the last fourteen years.

He has taken a keen interest in securing and retaining the weekly half holiday and is a member of the executive of that association.

A keen supporter of athletics, Mr. Wellburn is the holder of the bronze medal of the Royal Ymca Society for life saving. He believes in the revival of the old-time glories of the May 24 celebration, and if elected will do all in his power to bring that revival about.

BOTH SIDES CLAIM LEAD AT KAMLOOPS

SUPPORTERS OF RIVAL ASPIRANTS FOR LEADERSHIP SEEM CONFIDENT OF WINNING

Number of Delegates From Mainland Have Been Elected to Conservative Convention

With the near approach of the day for the opening of the big provincial convention of the Liberal-Conservative Party at Kamloops, the interest shows no diminution in what will be the main feature as far as the general public is concerned, the choice of the leader of the party. Upon the main selected at the gathering at Kamloops will fall the task of marshalling and leading the Conservatives in the next provincial election.

The interest centring on the convention is by no means confined to the members of the Conservative Party. The Liberals of the province are watching the proceedings with the deepest concern, and the action taken by the coming gathering at Kamloops will in no small measure influence it. In fact, the Liberal Government in its immediate course, relative to an election.

From the standpoint of the membership of the Conservative Party, while there is a very intense rivalry between the two aspirants for the position of leader, Mr. W. J. Bowser, K.C., and Mr. Leon J. Ladner, there is no evidence that this will be carried beyond the convention.

Summaries are different. Both sides as far as the local supporters of the rivalry are concerned seem to be most optimistic with respect to the result. There is a rather wide divergence in the situation as the two sides present it. It is manifest that both cannot be correct in the summary of the situation, and some rather rude awakenings are likely to take place when the test at the convention occurs.

As an instance of the difference of opinion on the position of affairs as far as the elected delegates are concerned, the case of Vancouver offers a striking example.

The supporters of Mr. Bowser announce that that city is overwhelmingly in support of the old leader. On the other hand, the friends of Mr. Ladner announce that they expect a majority of the vote cast from the representatives that gather at the convention from that city.

Mr. W. C. Winkler, who has been taking a pronounced part in the organization in favor of Mr. Ladner, says that in the balance of the province outside of Vancouver the convention as constituted will line up more than two to one for Mr. Ladner. This, he points out, is made evident by the fact that there are twelve different ridings which have already pledged themselves against Mr. Bowser as leader.

Ladner Forces Satisfied
Mr. Winkler says the returns indicate that the support which Mr. Ladner is to receive exceeds the most sanguine expectations of those who have been backing him in the effort to introduce him into the provincial arena.

On the side of Mr. Bowser there is a disposition on the part of his supporters to rely upon the oratorical ability of this well-known politician. They freely state that when the appeal which he makes to the convention is heard, that there will be a general rallying to his support.

Delegates were elected in a number of the Mainland constituencies yesterday.

More Delegates Named
CHILLIWACK, Nov. 18.—Chilliwack delegates chosen last night to attend the Kamloops Conservative convention will go uninstructed. The delegates are:

Hosedage—R. R. Neal; Fairfield Island, Major English; Gardis, John Green; Ashtel, John Murray; Chilliwack City, Archie Smith; Theodore McCallum and S. M. Carson.

CRANBROOK, Nov. 18.—Cranbrook riding delegates to the Kamloops convention will go uninstructed.

Obituary
KITSON—The funeral of the late Mr. Thomas Kitson will take place this morning from St. Barnabas' Church at 10 o'clock. The Rev. N. E. Smith officiating. Interment will be made in the Royal Oak Burial Park.

WILLIAMS—The funeral of Tom Williams, eleven-year-old son of Mr. and Mrs. Thomas Williams, of 3054 Delate Street, will take place this afternoon at 2 o'clock from the St. Paul's Episcopal Church. The Rev. Wm. Elliott will officiate and the body will be laid to rest in the Royal Oak Burial Park.

Father: Are you sure you can give my daughter the luxuries to which she has been accustomed?
Mother: I ought to—I'm the one who accustomed her to them.

It was decided at a meeting here last night. Delegates from Cranbrook will be A. C. Howness, A. J. Balmert, A. A. Robertson, F. H. Desall, John Martin and S. Taylor.

The remaining delegates from the riding have been named, as follows: Kimberley, W. R. Ross and C. H. Phillips; Moyle, Mr. Walker; Marysville and Wycliffe, R. Keer.

These, along with M. A. Willinger, provincial member; Dr. J. W. Rutledge, Federal candidate and W. K. Cameron, provincial executive member, will constitute the Cranbrook riding delegation to Kamloops.

Queen Marie Will Sail On Steamer Berengaria

QUEEN MARIE'S TRAIN, En Route to Louisville, Ky., Nov. 18.—Queen Marie will abandon her tour at Detroit on Saturday because of the serious turn in the condition of King Ferdinand. She will arrive in New York Sunday morning and expects to sail on November 24 on the Berengaria. Summoning Colonel J. H. Carroll, in charge of the train, she said the news from Bucharest was discouraging. The Queen spends today in Louisville and tomorrow in Cincinnati and then goes to Detroit.

RANCHERS UNITE TO ENTERTAIN "DUDES"

Visitors to Great Open Spaces Will Find "Scenery" Systematized by Members of Organization

BOZEMAN, Mont., Nov. 18.—"Dude ranching" has become a profitable that nearly 100 representatives of several types of tourist recreational activities have organized the "Dude Ranchers Association of the Northwest."

Visitors seeking the great open spaces of the West hereafter may find the "scenery" organized and systematized. The business has grown from boarding house proportions to a million dollar industry in Montana alone.

Create New Titles
The summer vacationist, however, will continue to be known as the "dude," which, which will offer personally conducted fishing and hunting expeditions will officially take the name of "dude rancher," the paid guides that "dude ranches" and the owner of the ranch becomes "boss wrangler."

"The term 'dude' originated in 1888 in Yellowstone Park," says Richard Randall, a Cornell University student who is a guide in the park. The term was lost its derisive implication and became a name of honor. It was the beginning, no better trade mark for the industry than "dude ranching" can be found, he declares.

Name Is "Distinctive"
Supt. H. M. Albright, of Yellowstone Park, agreed, expressing the belief that the name is distinctive and that the people like it. He explains further that, in the park, the term "dude" is applied to the visitor who arrives by the train and that the motor traveler, where he drives an expensive imported coach or comes in a "limousine" is a "sage brusher."

Financial stress occasioned by visits of Eastern college friends determined I. H. Larson, of the Valley Ranch, Co., Wyo., president of the new organization, to become a dude rancher. He is a Princeton man. With a partner, a Yale man, he came west to engage in business. Eastern friends found their ranching trip, but the hospitality cut heavily into their capital. The experience, however, made it evident to the ranchers that they had something to sell and they sought paying guests.

From a seventy-five acre ranch with two old shacks, their plant has grown to more than 10,000 acres in the home ranch, including eighty-three buildings.

Alliance of Churches Assembles in Toronto

TORONTO, Nov. 18.—Meeting here yesterday, twenty-four representatives of the Anglican, Baptist, Friends, Presbyterians, Salvation Army and United Churches, formed the Canadian Council of the World Alliance, the object of which is to promote international friendship through the churches.

Archbishop Matheson of Rupert's Land was elected president.

No Marriage Tie Remains in Legal Force in Russia

LONDON, Nov. 18.—Telegraphing from Moscow, the correspondent of The Daily Express says the Soviet Legislative Assembly has endorsed the government's proposals to abolish the registration of marriage, which is the only legal matrimonial tie in Russia. Henceforth, marriage will only involve the recording of marital conditions on an identity card, which would be stamped for a small sum. A couple then may live in or out of wedlock as frequently as they wish, and while they have an identity card they will not be troubled by the court.

When purchasing a new car it is wise to give every part a close inspection in order to be familiar with the location of all important units.

Succeeds to Post Held by Mr. Johnson

MR. ALEX. F. SHEPHERD
He has been appointed manager of the United Typewriter Co., Ltd., Victoria branch, to succeed the late Mr. H. V. Johnson. Mr. Shephard was connected with the local branch for over seven years, previous to leaving for San Francisco in 1922. During his absence from this city he has been connected with the Underwood Typewriter Company and Wholesale Typewriter Co., of San Francisco. In January, 1925, he was appointed manager of the Wholesale Typewriter company, Inc., Salt Lake City, and he left for Victoria, arriving here Wednesday. Mr. Shephard is a native born.

CHICAGO RIVER ONE THAT FLOWS UPHILL

Stream Named After City Diverted From Normal Course by Engineering Feat

CHICAGO, Nov. 18.—Chicago has the only known river in captivity that flows uphill. It is named after the city. Instead of flowing into Lake Michigan, as a normal river should, the lake flows into the river.

This is not a phenomenon of nature but an engineering feat of man. The river is tapped by a drainage canal, which in turn connects with the Illinois River and eventually with the Mississippi River.

Thus Disposes of Sewage
Engineers turned the river backwards so that Chicago's sewage would not pollute the lake. As a river it probably has caused more grief and causing than any other. Chicagoans every once in a while wonder what should be done with it.

Makes Chicago an Island
After moving west a mile, the river divides, one branch meandering north and the other south, so that Chicago's loop virtually is an island. Proportionally the loop is a small one, but the turning of the stream would relieve traffic and give the downtown area a large breathing space.

All bridges across the river, and there are scores of them, are movable because every once in a while a flat boat pulls through carrying a lone freight car or a shipment of some kind moves inward, halting street traffic on one bridge after another is lifted.

Those who wish to see fixed bridges installed are petitioning the Government to rule that the stream no longer is navigable. But the war department still holds that the river must be kept open to ship traffic.

Women's Auxiliary Holds Annual Meeting at Sidney

ROYAL OAK, Nov. 18.—The monthly meeting of the W. A. to the Stanley War Memorial Health Centre, was held on Tuesday afternoon at the Health Centre, Glenford Avenue. Mrs. Winkie, president, in the chair.

The treasurer's report, on being called for showed a satisfactory balance on hand. The silver tea given by the members of the Lakehill Women's Institute for the Women's Auxiliary to the Health Centre netting a very fine sum.

A vote of thanks was passed to the artists who kindly contributed to the programme on that occasion. Kindly mention was made of Mrs. Harrison, late member of the W. A. whose death occurred recently at her home in Marigold, and a vote of sympathy passed to her bereaved family.

This being the last meeting of the year, the members were reminded that the election of officers will take place at the next meeting, which will be held in January. The W. A. has arranged to take charge of the Christmas cheer for the staff of the Health Centre.

Pope's Niece Is Bride in Vatican Ceremony

For the first time since the Renaissance in the sixteenth century, a Pope has personally officiated at a marriage ceremony in the Vatican. The Pontiff was the Present Pope, Pius XI. His Niece, Signora Maria Luisa Perocchi Ugolini, an Attaché of the Nicaraguan Legation in Rome. The Newly Wedded Couple Are Shown Above, Leaving the Vatican After the Ceremony.

Women's Clubs And Societies

W.B.A. Juniors
Final arrangements have been made for the children's Halloween masquerade party to be given by the Queen Victoria Court of the Rose at the Sons of Canada Hall, View Street, on Friday evening, from 7:30 to 10:30 o'clock. A number of prizes have been secured. The grand march will take place at 9 o'clock and several

teachers of the local schools have kindly consented to act as judges. Good music and a dainty supper will be provided and games are also being arranged. The committee in charge are Junior Commanders Mrs. Stephen and Mrs. Abercrombie and Queen's Advisors Mrs. Taylor and Mrs. Schmelz. Tickets may be obtained at the Royal Dairy or from W.B.A. members.

Court Triumph A. O. E.
The ladies of Court Triumph will hold their second monthly meeting this evening. Concluding the meeting a military five hundred game will be held. Preparations are being made for the Court's forthcoming bazaar, to be held on the first meeting in December.

St. Mary's Junior W. A.
The St. Mary's Junior W. A. intends holding a sale of work, home cooking and candy tomorrow in the hall, Yale Street, from 3 to 6 p.m. Mrs. Laycock has kindly consented to open the sale.

Regina Philo Auxiliary
Regina Philo Auxiliary held an open meeting and social at the vestry room of the temple Emanuel on Tuesday evening for the grand president of the Independent Order of the B'nai B'rith, Mrs. W. Copeland, of Spokane, Wash.

District W.C.T.U.
The District W.C.T.U. will meet this afternoon at 3 o'clock in the Y.W.C.A.

Campbell River

Mr. K. B. Fraser, superintendent for the Blindet, West, Stow Company, passed through Campbell River Sunday.

The bazaar given by the Ladies' Auxiliary was a great success. The bazaar was formally opened by

Father Quinlan, and all the stalls were kept busy selling their wares. There was very little left on the stalls at closing time, and that which was left was raffled in the evening at the dance, which was largely attended and lasted until the small hours.

Messrs. Colby & Chisholm, large timber holders in this district, paid a business trip to Campbell River during the past week.

Miss Lillie Thulin is expected back on Thursday after spending a holiday in Vancouver.

Women's Institutes

Colwood

There was a very good attendance at the monthly meeting of the Colwood Women's Institute yesterday afternoon.

Mrs. C. H. Goodall gave an excellent report of the proceedings at the recent Island conference. Several resolutions which were brought before the conference were keenly discussed. A letter from Dr. Wace was read thanking the ladies for their generous donation, enabling him to complete the ambulance for the Solarium.

Half an hour was spent on "Parliamentary Procedure," which was both instructive and amusing.

A very hearty vote of thanks was given to Mrs. Goodall for her report, after which tea was served by Mrs. E. Shields and Mrs. J. H. Goodall.

Granby

The Granby Women's Institute held a most successful bazaar yesterday in Granby Hall. A fine exhibit and a continual stream of customers kept the committee in charge of the various stalls busy until closing time. Mrs. Arthur Handie, of Nanaimo, acted as judge for the exhibits, which included work by pupils of Cassidy and Waterloo schools. The school exhibit outlasted any ever held in the district, and much admiration was expressed in model, drawing and painting, which included conventional work, maps, heads, etc. The work of a district member, aged seventy, was also greatly admired.

South Saanich

The South Saanich Women's Institute held a very busy wool bee in the rooms at Temperance Hall on Wednesday. There was a good attendance and a good deal of wool was prepared. Another step in the comforter making was attempted when the machine stitching on several comforters was done. Luncheon was enjoyed at noon, and tea during the afternoon. The committee for the next institute card party on Saturday, November 20, was named, being Misses Violet McKelvey, Margaret Michell, Nellie Ryan and Una Young. The date of the next bee will be decided at the November Institute meeting.

Weddings

Bale-Michelsen

Mr. and Mrs. D. H. Bale, Stadacona Avenue, announce the marriage of their eldest son, Mr. Herbert Hasmam Bale, of the Crocker First National Bank, San Francisco, to Miss Mia Michelsen, of Palo Alto, California, on November 6, in the presence of relatives and a few intimate friends. The ceremony was performed by Rev. D. Charles Gardner in Stanford Memorial Chapel. In the absence of her father, who is in England, the bride was given in marriage by Mr. E. R. Erwin, of Stanford. Miss Vivienne Church was maid of honor, while Mr. Henry Mottley, of San Francisco, supported the groom. The bride wore a going-away suit of navy blue, and carried a bouquet of orange blossoms. The groom's gift to the bride was a wrist watch set with sapphires and diamonds. The young couple left for a honeymoon on their honeymoon. On their return they will take up their residence in Palo Alto.

Successful Sale

A most successful "Radio Sale" was held yesterday by the various organizations of St. John's Church, each society and club having charge of a stall, which bore the name of a radio station. The Ladies' Guild had charge of the home cooking and fancy work; the Girls' Branch of the W.A. under the convener'ship of Mrs. A. Wilson, served tea. The sale was opened by Alderman (Parish) in the absence of the Mayor, the speaker wishing every success to the organizers and workers in connection with the sale, and complimenting them on the attractive arrangements. The name of the doll was "Elinor."

Public Schools Club to Hold Inaugural Dance

On Tuesday the British Public Schools Club will hold their first dance to commemorate the first year of the club's existence. His Honor the Lieutenant-Governor, himself a member of the club, has signified his intention to be present together with Miss Mackenzie. The dance will be held at the Alexandra Rooms, and O'Leary's five-piece orchestra will supply the music. Dancing will be from 9 to 1 o'clock, and supper will be served during the course of the evening. All members of the club and their friends will be cordially welcomed. Tickets can be obtained either from the secretary of the club, Mr. D. B. MacLaren, at Room B, Campbell Building, phone 7879, or at the club, 627 Fort Street, phone 1945, or from any of the following members, constituting the entertainment committee.

Mr. H. W. Freeman, 1622 Davie Street, phone 1517X; Captain A. T. D. Laybourn, 2865 Oak Bay Avenue, phone 6520L; Mr. W. Downes, 962 Island Road, phone 5448Y; Mr. J. B. Acland, 1078 Deal Street, phone

688931; Mr. C. E. Tilgley, 654 Michigan Street, phone 75370.

At present there are 190 members of the club and there is every indication that by the time the annual meeting is held, which will be in the third week in January, the club will number well over two hundred.

Use these British-made Dyes for all dyeing purposes with safety and assurance. Your druggist or grocer will gladly supply you.

—Main Floor, H.B.C.

DOGS TO BE BENCHED FOR SATURDAY'S SHOW

First Parlor Show of Year Will Be Held in Vetter Building—Mrs. G. O. Olsen Will Be Judge

The officials of the Victoria City Kennel Club have attended to every detail in connection with the forthcoming parlor show which will be held in the Vetter Building tomorrow, corner of Humboldt and Douglas Streets, and indications point to the show being a huge success.

The regular benching that is in vogue in the big Spring shows will be erected. This will relieve the exhibitors of the necessity of holding their dogs during the judging of the different classes.

In addition to the solid silver spoons, which are to be won outright, there are numerous other specialties, including a handsome linen exhibition coat given for the best terrier other than Alredale to be shown by a girl or boy under sixteen years of age.

Mrs. G. O. Olsen who owns one of the largest boarding and condition kennels in the Pacific Northwest and who has officiated at some of the largest shows on the Coast, including Everett, Spokane, Vancouver and Seattle, will be the judge, and patrons can be assured of satisfaction. Judging will commence at 8 o'clock. Entries will be taken at the show from 6:45 to 7:45 p.m., or by phoning 3403L.

No pedigree is necessary to exhibit a dog.

Sentiment Is Strong For Olympic Games

TORONTO, Nov. 18.—Olympic Games sentiment is quite strong in Western Canada. P. J. Mulqueen, chairman of the Canadian Olympic commission, declared on his return today from a tour of the western provinces in preparation for the 1928 games. Provincial Olympic organizations have been organized and great enthusiasm has been aroused throughout the West, he said.

Thompson Cup Rugby

THE Victoria High School senior rugby team will play Oak Bay High School this afternoon at Cranmore Road in the second game of the Thompson Cup series. The local lads will enter today's battle one game to the good, and should they emerge victors the Vancouver Island High School Rugby championship will be theirs and they will play Vancouver on the Mainland about the sixth of next month for the Thompson Cup. On the other hand, if Oak Bay should turn the tables on their rivals it will be necessary to stage a third game to decide the winner.

The game will get under way sharp at 3:30 o'clock and the probable lineups of the two teams are as follows: Victoria High—Potts, White, Baker, Kineman, Pickard, Mugford, Dawson, Gann, Killick, Beek, Shaw, Cudlip, Warnock, Smith, Turgoose and Kennedy. Oak Bay—Thorne, Hayward, H. Cleveland, C. Cleveland, Huttan, Torrie, Robinson, King, Harrison, Spurgeon, Jones, Strilhard, Knight, Macconnachie and Young.

Cruickshank and Voigt Winners at Pinchurst

PINCHURST, N.C., Nov. 18.—Bobby Cruickshank, New York professional, and his amateur partner, George Voigt, of Washington, won the amateur-professional mid-south best ball golf tournament at the country club here yesterday with a score of 138 for the 36 holes.

Their score was five shots higher than last year when the event was captured by Leo Hiegl, then Canadian champion, and his partner, Jack Layton, of Boston.

IRELAND'S BOOKIES START NO BOYCOTT

Recent Imposition of Betting Tax, But "Carry on" With the Race-Track Customers

DUBLIN, Nov. 18.—There is no bookmakers' boycott on the Irish race courses as was the case in England when the betting tax was inaugurated. Though the new betting tax is keenly resented, it has been decided to make the best of the inevitable. Some diminution of betting is noticeable, but there has been a large demand for licenses to bet and more than four hundred have been granted. The Government, when imposing the tax in the last budget, took care to include in the Act of Parliament provisions enabling the starting of totalisators under government leases, and this has made a general revolt by the bookmakers impracticable.

The extent of betting in the Free State is not known. But betting has extended to the most remote villages, and all the newspapers carry racing news, both in Ireland and England. The Finance Minister figures that the tax will yield more than \$1,250,000, indicating, he believes, that at least \$25,000,000 is wagered annually.

Hagen to Play Here Early in Next Week

Word has been received by Walter Gravin, professional of the Uplands Golf Club, that Walter Hagen will be in the city on Tuesday or Wednesday of next week, when the four-ball match already announced will be played at Uplands.

Ex-Champion Loses
WINNIPEG, Nov. 18.—Angus Solder, Winnipeg heavyweight, scored a technical knockout over ex-Guardsman Charles Penwell, former champion of the British army, here tonight. Penwell took a terrific beating and after being felled three times in the ninth he failed to respond to the bell in the tenth.

CHINESE BUNGALOW ENTHRALLING PLAY

MR. MATHESON LANG AND COMPANY
PRESENTS
CENTRALLY ACTED DRAMA

English Actor's Presentation of Role
of Yuan Sing Super Character Study

If the measure of an actor's greatness be found in his capacity to obliterate himself, then Mr. Matheson Lang's Yuan Sing is without any question the finest performance that the Victoria stage has ever yielded, and it would be a thousand pities if the public did not avail itself of the opportunity of seeing this superbly acted role during the present engagement of "The Chinese Bungalow" at the Royal Victoria Theatre.

How true to life is the drawing of the character of Yuan Sing, perhaps only a Chinese student of the Chinese psychology can tell. But the fact remains that Mr. Matheson Lang has drawn something so completely alien to the Anglo-Saxon's knowledge of type, something so inscrutable, so unfathomable, so subtle in its loves and hates, so refined in its cruelties, so mask-like of face, so enigmatic, so sinister, and yet so diabolically fascinating, that one cannot but feel that he has "got beneath the skin" of something which to most Occidentals is an eternal unsearchable secret.

Yuan Sing, a wealthy Chinese gentleman of suave and polished manners, Occidentalized in the more obvious details of dress and speech, marries an English girl, finds her not only incapable of appreciating his Oriental standards of philosophy, but actually carrying on illicit relations with a rather insipid young English planter. Her sister, who like herself has become "labeled" in the English colony of Singapore because of the marriage, has, on the other hand, a keener interest in probing the Confucian philosophy, and as they study together he develops a genuine passion to possess her soul. Uncomprehending and contemptuous of the Western viewpoint of which he admittedly has neither fear nor respect because "they have no vision, no knowledge of life, no manners," he gradually lifts the mask and reveals his purpose of chivalrous revenge on the second as well as the first of "his women" he finds slipping from his grasp. The slow mental torture through which he pursues his aim, the man who becomes his rival in the thing with which the play chiefly concerns itself.

The drama is magnificently constructed. It is also beautifully staged and costumed, with what must be conceded to be wonderful fidelity to the interior furnishing and dress of the East. But anyone who has seen Mr. Matheson Lang in the role of Yuan Sing would leave the whole thing unconvincing. As it is, however, Mr. Matheson Lang has made a most convincing and convincing study of the character of Yuan Sing, and the interest of the audience, that the illusion of reality is complete. And despite the fact that Mr. Lang would not at the end of the play yield to repeated curtain calls to the extent of casting off his disguise for even a moment, one can not but be jealous with him for the preservation of his mysterious creation which it had taken such genius to create.

Other Roles
The supporting company is splendidly adequate. Indeed, it is perhaps a tribute to the nice adjustment of their acting and the admirable balance of the production as a whole that the character of Yuan Sing becomes so fleshily dominant. Polished and suave from the very moment of his first entry, the Chinese gentleman makes the English types about him appear futile, hysterical and funny by comparison. One of those who suffers most by contrast is Harold Marquess, with whom Yuan Sing becomes friendly relations. And two of the strongest opposed types are found in Charlotte Morville, Mrs. Sing's sister, and Richard Marquess, Harold's elder brother, both of whom perceive, when it is too late, however, the penetrating quality of Yuan Sing's mind, and the possible devilishness of the revenge which it will devise. The role of Radie Sing, the young and rather foolishly childish English wife, is played with great cleverness by Miss May Ward, who rises to very fine emotional heights in the two scenes of Act 2.

AMUSEMENTS

Capitol—Buster Keaton in "Battling Butler."

Columbia—"Hard Boiled," starring Tom Mix.

Domination—Capt. Rex Davis, M.C., in "Every Mother's Son."

The Stage—Coliseum—"In Walked Jimmy."

Playhouse—"Good Night, Nurse."

Crystal Garden—Swimming and Dancing.

Royal Victoria—Matheson Lang in "The Chinese Bungalow."

where her mind practically given way under the slow torture process adopted by Sing in his efforts to make her reveal the facts about herself and her lover. Miss Eard, in the part of the better-posted and more self-reliant sister, makes an admirable foil. The ungrateful role of the rather insipid Harold, victim of climate and loneliness, is admirably acted by George Thirlwell. The Mr. Shaggy Gardner has been allotted the part of the elder brother, Richard, which he plays with genuine distinction and feeling.

Minor roles, particularly the ayah and the two Chinese servants, assist in building up the domestic background, at the same time furnishing a big element in the creation of a conviction that the Oriental mind is inscrutable, mysterious and sinister.

It is interesting in a footnote of the programme to read that Mr. Matheson Lang himself designed the scenery, which was executed by Francis H. Bull; and that the Malay dresses were specially made for the production by natives of Malay. Detail that would lend to the atmosphere was at no point neglected, and was particularly apparent in the settings, which at all times suggested the elegance and luxury without extravagance which is the tradition in Oriental culture.

The entr'acte music was Chinese in character, and its influence, too, enhanced the illusion.

COLUMBIA Staging a fierce battle theatre, upon the roof of a rapidly moving passenger train, "Tom Mix, as Jeff Boyden, in "Hard Boiled," again demonstrates beyond all question that he is one of the most daring stunt stars in the moving picture world. This picture is now showing at the Columbia Theatre. In this thrilling drama of the West, adapted from the romantic novel "The Gun" by Rex Davis, Buffalo Bill not only rescues a beautiful girl from death, but routs a gang of crooks and proves that he knows something about the most difficult business, the management of a dude ranch.

PLAYHOUSE Jeanne Carpenter, four years old, has been in pictures just a year. In that time she has appeared in nine productions and has had the distinction of playing with Mary Pickford, an honor which comes to most photo players only after they have gained years of experience on both stage and screen. In "Through the Back Door" Little Jeanne impersonates the lovely young girl during the first reel of the picture. She portrays Miss Pickford as she was when a baby. Doubling for the baby likeness of a specialty.

CAPITOL Snitz Edwards, one of the leading fun men in "Battling Butler," the latest Buster Keaton photo scream, now showing at the Capitol Theatre, was a Broadway favorite for twenty-five years before he took the leap into pictures. He faced the camera for the first time seven years ago, and his spoken stage hasn't seen him since. "Battling Butler" is Edwards' second engagement with frozen-faced Buster. His role as valia to the laxy but wealthy youth who masquerades as a professional boxer, is said to be the funniest in Snitz's career. Snitz was born in Hungary many years ago and was brought to New York when two years old. At least sixty years old, he doesn't appear older than forty.

DOMINION Every Englishman and Theatre not a few Canadians who recognize one of London's best-known thoroughfares when they see it in the big English production now showing at the Dominion Theatre, "Every Mother's Son" is "England's pictorial tribute to the Unknown Warrior—to her sons and daughters who fought not only a struggle against a common enemy, but carried on still more courageously at home after the peace was declared. Every man and woman who has had the privilege of visiting the old country knows the significance of the Thames Embankment—that explicable along London's waterfront, on which, daily, tremendous armies are waged against hunger, thirst and despondency by the unfortunates whom Life selects for her hardest blows.

VIC FOLEY MATCHED FOR TEN-ROUND GO WITH BOBBY EBER

VANCOUVER, Nov. 18.—Vic Foley, who recently returned from a successful eastern trip, has been matched in meet Bobby "Bad News" Eber, the present Canadian heavyweight champion, in a ten-round battle here on Monday, November 22.

Eber won the title from Foley just about a year ago in Toronto, and has also beaten Leo "Kid" Roy, whom Foley just met in the East. He is at present in Los Angeles, where he is scheduled to meet George Rivers on the 19th. Eber is due to leave for Vancouver immediately after the Rivers bout, and will be here on the ground one week in advance of the contest.

Foley is already in active training here for the bout.

Youthful Canadian Makes Good in Movies

Movat. Sanich Thistles, Juniors, will be selected from the following—C. Colley, G. Leggett, H. Cockin, H. Leggett, J. Osmann, E. Gibson, T. Moss, H. Gotskin, H. Hamill, Stafford, Rose, Newell, Hill, Latta. All players will please be at the Y.M.C.A. at 2 o'clock.

Ice Hockey Fights
JAMILLTON, Ont., Nov. 18.—Five fights marked the opening game here of the Canadian Professional Hockey League last night when Stratford defeated Hamilton 3-2.

Ringworms in Small Pimples
Turned to Blisters. Lost Sleep. Cuticura Heals.

"I had ringworms on different parts of my body. They first appeared in small pimples, then gradually got worse and turned to blisters. The blisters were in circular form, several of them being as large as a fifty-cent piece. They caused continual irritation, also loss of sleep."
"A friend advised me to try Cuticura Soap and Ointment so I purchased some. They gave instant relief and in the course of a short time the ringworms were completely healed." (Signed) Miss Margaret Mitchell, R. 1, Shilsholme Bridge, N. S.
Cuticura Soap, Ointment and Talcum are ideal for daily toilet uses. Sample Free by Mail. Address: Canadian Cuticura Sales Co., 1000-1002, 1004, 1006, 1008, 1010, 1012, 1014, 1016, 1018, 1020, 1022, 1024, 1026, 1028, 1030, 1032, 1034, 1036, 1038, 1040, 1042, 1044, 1046, 1048, 1050, 1052, MARINE and TRANSPORTATION

HOLLAND IS THIRD IN SHIPBUILDING

SUPERSEDES FRANCE AND GERMANY—GREAT BRITAIN AND IRELAND LEAD

Is Only Nation to Show Increase—Decline Is Noted in Construction of Oil Tankers

Holland now ranks third among the shipbuilding nations of the world, having within the past three months superseded both France and Germany, which are now fourth and fifth respectively. This statement was made public recently by Lloyd's Register of Shipping, covering the returns throughout the world for the quarter ending September 30.

Not only has Holland advanced from fifth to third place, but she is the only nation that shows an increase, all other countries recording a general decline for the quarter just ended. The United States retains its hold on sixth place, but is pressing Germany for fifth position, being only 4,000 gross tons behind.

Dutch Tonnage
On June 30, 1926, Holland had 148,000 gross tons of shipping under construction. The total being built for the quarter ending September 30 aggregating 160,604 gross tons.

Great Britain and Ireland still lead the world for ship construction, while Italy continues to hold second place. The total tonnage under construction for the quarter just ended amounted to only 1,850,000 gross tons, or a drop of more than 350,000 tons, as compared with a year ago. This figure makes an unbroken series of decreases since June 30, 1925, when the total tonnage under construction was 2,616,000 tons. The present figure also represents a decline of nearly 1,815,000 gross tons under previous figures, the aggregate at the end of June, 1924, totalling about 3,163,000 tons.

Great Britain and Ireland suffered a severe loss during the last quarter when work on 107,493 tons was suspended, reducing the total actively under way in those countries to 647,000 tons.

That the outlook for the immediate future of the shipbuilding industry of Great Britain and Ireland is not encouraging is indicated by the sharp

President Jefferson To Dock From Orient Today About 7 A.M.

THE Admiral Oriental liner President Jefferson is due at Wharfedale Quay at 7 A.M. today. She will proceed to Seattle from here.

The report also reveals that tanker construction throughout the world, with the exception of Holland, shows a decline over the previous quarter. The figures also reveal a slight decrease in construction in motor vessels. This class represents forty-six per cent of the present world construction. Italy is paying increased attention to this type of vessel, more than eighty per cent of her entire merchant shipping programme being devoted to this type.

The sublimated table gives the position of the leading shipbuilding nations and a comparison of tonnage under construction during the past two quarters.

Nation	Sept. 30, 1926	June 30, 1926
Great Britain and Ireland	1,480,000	1,515,000
Italy	1,315,000	1,275,000

NOTICE TO MARINERS
Mariners are hereby notified that what appears to be a broken shingle bolt crib is floating mid-channel in Johnsons Straits, off Vancouver Island. It is dangerous to navigation.

A. W. R. WILBY
Agent Marine Department

Shipping Notes

The C.G.M.M. steamer Canadian Pioneer, is expected to arrive at Ogdon Point Piers today from Seattle. The vessel is bringing in 100 tons of steel rails and 100 tons of coke from the United Kingdom for discharge here. She will proceed to Vancouver from this port.

The freighter August will tie up at Ogdon Point Piers early this morning to commence loading 550,000 feet of lumber for the Atlantic seaboard.

The Arna arrived at Rithet's Outer Wharves early yesterday morning from Nanaimo Bay. The vessel will take on 1,250,000 feet of lumber before departing.

Mr. R. J. Griffiths, manager of the White Star Line at Seattle, was a visitor to the city yesterday on business. He returned to Seattle on the afternoon boat.

The Princess Maquinn was hauled onto the Victoria Machinery Depot yesterday morning to have her hull cleaned and painted and minor repairs made.

AUSTRALIA'S REPAIRS PROGRESSING RAPIDLY

C.P.R. Liner Expected to Be Ready for Service Next Spring—Is Having Extensive Alterations

Work is progressing rapidly on the reconditioning of the Canadian Pacific liner the Empress of Australia, according to a report received this morning at the offices of the passenger department of the Canadian Pacific Steamships from the Glasgow plant of the Fairfield Shipbuilding & Engineering Company.

The work, the report says, involves the alteration and extension of the passenger quarters and installation of a complete new set of propelling machinery, boilers and auxiliaries, but is confidently expected to have the 22,000-ton vessel in service again by the spring of 1927.

The Empress of Australia, which was originally fitted with turbines made in Germany, will in her new form be propelled by twin screws, each driven by one set of single-reduction geared turbines of the latest Parsons type, and the installation generally will develop a total combined shaft horsepower of 28,000 on ordinary service, though provision is being made for an overload of 31,000 shaft horsepower. An interesting feature is that two motor lifeboats will be carried, both fitted with wireless and searchlight installations.

Steamer Goes on Rocks

SAULT STE MARIE, Ont., Nov. 18.—The steamer Cottonwood, owned by James Davidson, of Bay City, Mich., is on the rocks a mile north of Copper Mine Point, in Lake Superior, and the tug Alabama, of the Great Lakes Towing & Wrecking Company, left at midnight for the scene of the accident.

The crew of the Cottonwood is safe, but the extent of the damage to the vessel is still unknown. The Cottonwood carried a cargo of copper sand, and is in a very dangerous position with the present northeast gale blowing on the lake.

The Princess Charlotte was floated into the new Esquimalt Drydock yesterday morning to have repairs to her propeller effected by Yarrows, Limited. She left at 9 o'clock to resume her regular run.

NEW FLEET OF FAST SHIPS PROPOSED

AUSTRALIAN BUSINESS MEN TO FORM COMPANY TO BUILD 22-KNOT LINERS

Establishment of Regular Fortnightly Service Between Australia and Britain Is Offered

Particulars are again being published of a shipping scheme which a group of business men, headed by Sir James Connolly, Sir John Hiles, Sir Eustace Tennyson-D'Eyncourt, and Sir Charles Parsons, have submitted to the Australian Commonwealth Government. The promoters of the scheme also include, it is stated, several of the large British shipbuilders. If and when final approval has been given to the scheme, it is proposed to form a company with a capital of £1,000,000 to build a fleet of twenty-two-knot liners.

Propose Fortnightly Service

The idea is to offer the Government a regular fortnightly service between Britain and Australia, calling at Bombay and Colombo both ways, half as fast again as the weekly service of mail ships now running to India and Australia. The effect would be to bring Australia a week nearer to Britain for the transport of mails and passengers, India five days nearer, and Ceylon and New Zealand four days nearer.

The promoters ask that the Australian Government should give the new line for a fixed period (1) the same approximate mail subsidies that are at present paid to the mail ship companies; and (2) the immigrant traffic to Australia over and above that which will be carried by the Commonwealth Line's Bayclass steamers.

To Be Built in Britain

It is intended that the ships should be built and engined in Great Britain. Mr. Bruce, the Prime Minister of Australia, according to a statement issued from Australia House, made the following comment on the scheme: "Of course, the whole proposal depended upon the technical practicability of the scheme, which was a matter upon which he would not venture to express an opinion. If, however, substantial financial interests were sufficiently satisfied upon this point to provide the necessary financial support, he had no hesitation in saying that the Australian Government would be prepared to assist in the manner proposed by the promoters, that is to say, by means of mail contracts and a share of the migrant traffic. It should be observed that the scheme did not involve the Government in any financial commitments. Though the scheme did not involve Governments in financial obligations, yet its success would depend upon the co-operation of the Imperial and other Dominion and Colonial Governments concerned. In the meantime, therefore, he wished the enterprise success, and said that the Commonwealth Government desires of seeing the scheme brought into operation."

The Princess Charlotte was floated into the new Esquimalt Drydock yesterday morning to have repairs to her propeller effected by Yarrows, Limited. She left at 9 o'clock to resume her regular run.

Only Two Girls in Famous Mining District

Above are shown the only two girls in the famous Rouyn mining district in Northern Quebec. The taller one is Aurora Larivee, the other is Merle Anne Brulard. They are the telephone and telegraph operators, respectively. The two girls possibly get more masculine devotion than any other pair in Canada, but it is reported they stand aloof to all advances.

IS LEADING WORKER FOR HUNGRY REFUGEES

Miss Breckler Appeals for Funds for Distressed Jews in Eastern European Countries

Miss Hortense Breckler, who is a member of one of the leading families of Cincinnati, gave an address last evening on behalf of the United Jewish Campaign to the members of Temple Emmanuel. The objective is to raise \$25,000,000 for relief overseas in Central Eastern Europe among the Jews.

A strong committee to collect funds was formed under the chairmanship of Mr. L. M. Nodak.

Miss Breckler was born in Kentucky. She is a university graduate, and notwithstanding that it is not necessary for her to earn a livelihood, she has for a number of years devoted herself to social service, with particular reference to child welfare work. For five years she was the head of the Child-Care Department in Europe of the Joint Distribution Committee and during that period she organized the system in operation in Poland, Rumania, Galicia and other countries in the war zone where thousands of Jewish children are being educated and raised to useful manhood and womanhood.

In the course of her work, she has had many thrilling experiences. During the height of the Greek-Turkish war, she was caught in Smyrna when that city was set afire by the Turkish army and was one of the few American women who managed to escape in the last train carrying foreigners out of the attacked city. The train passed between both armies and was within range of gun and rifle fire on either side.

Miss Breckler has just returned.

Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Alta., writes: "Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse. I wrote my mother about my condition, and she sent me three boxes of

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever. I did when I was a young girl." Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HONEY INDUSTRY IN PROVINCE HAS HAD SUCCESSFUL YEAR

The honey industry in this province is one that is making very satisfactory progress, as is shown by the figures that have been compiled by the Department of Agriculture. This industry, moreover, is one that yields a large profit upon the actual investment and is therefore to be encouraged wherever the keeping of bees can be carried on successfully.

The records show that British Columbia is a province that lends itself to honey production over a very wide part of its area. The wonder is often expressed that there is not a greater production in view of the returns that may be derived from the industry.

During the present year the honey crop will amount to 338,257 pounds, valued at \$197,616, based on twenty-two cents per pound. To this is added the value of beeswax produced to the amount of 10,000 pounds, worth \$5,000. Comparing these figures with the estimated value of apiculture equipment, on a basis of 18,888 hives at \$24,708, the percentage of profit is shown at forty-three per cent.

MOSCOW ANGRY AT TURK SUGGESTION

Papers Indignantly Deny Arson Charge in Fire on Oil Ship—Three Confagurations

MOSCOW, Nov. 18.—A series of mysterious fires on Soviet oil ships recently attracted the attention of the Moscow press, which protests vehemently against the suggestion of Turkish newspapers that the fires were due to arson in order to enable the oil syndicate to collect the insurance money.

A Moscow evening paper points out that such slanders betray an utter ignorance of the Soviet system, inasmuch as the oil syndicate, as a Soviet concern, invariably insures its cargoes with the state insurance department, and, therefore, nothing would be gained by the destruction of cargoes already sold abroad.

In recent months there have been three such fires. The newspaper records them as follows:

The first on the Belgian steamer Mascot No. 1, in the port of Batoum, when 500 cases of kerosene and twenty-two tons of benzine were destroyed, but the ship was later able to sail with a full cargo.

The second was on the chartered foreign steamer Doris, with 100,000 barrels of kerosene and 50,000 cans of benzine which caught fire ten days out from Batoum on the way to Smyrna and became a total loss, although the crew managed to escape by running aground and taking to the boats.

The third occurred in the port of Constantinople aboard an oil syndicate vessel, but it was extinguished with a trifling loss.

The newspaper declares that the insurance slanders are new evidence of a foreign campaign against Soviet oil, but offers no explanation as to the cause of the fires.

Passengers From Pirated Ship Arrive at Hong Kong

HONG KONG, Nov. 18.—A boatload of passengers from the British steamer *Sunshine*, which was boarded by pirates eighty miles from here on Monday night and badly damaged in a fight which followed between the robbers and a party of the officers of the British destroyer *Veddy*.

Twelve pirates were killed in the fight. The attackers fired the ship, but the arrival of the British cruiser *Bluebell* saved it from destruction. Nine of the pirates were captured and the *Bluebell* is hunting others who escaped in a lifeboat.
